

# LIVE TRAINING: REDSEAL FUNDAMENTALS

**RedSeal Fundamentals is a live, 2-day class providing you with a thorough hands-on experience, so you can rapidly maximize your proficiency with—and investment in—RedSeal’s network modeling and risk scoring platform. Our training provides an overview of the platform’s capabilities as well as opportunities to dig into specific areas.**

This RedSeal instructor-led training course is ideal for someone in a RedSeal administrator function. It is also appropriate for users who are new to RedSeal and for those with some RedSeal background. The course provides experience with all major functions of the RedSeal platform, including incident containment. The combination of customer stories, technical presentation and hands-on labs gives you the opportunity to explore the platform’s breadth and depth; helps you clarify priorities for using RedSeal; and provides the necessary underpinnings for advanced RedSeal use.

- Target audience: RedSeal administrators and end users
- Classes are offered publicly on a quarterly basis. Private, onsite classes for up to 10 students are also available. Please contact your RedSeal sales representative for a quote.
- Lunch will be provided (public classes, only)

- Advanced layout and policy
- Database restore
- Incident investigation
- Advanced data collection
- Custom BPCs
- Integrations
- WebUI

**Live Class Cancellation Policy:** For a full refund, contact RedSeal Training via email at [training@redseal.net](mailto:training@redseal.net) at least 7 days prior to your class start date. RedSeal reserves the right to cancel or postpone a scheduled training based on minimum attendance requirements, instructor availability, or other reasons, at RedSeal’s sole discretion. If your class is cancelled, you will be notified via email at least 7 days in advance of the class start. We will make every effort to reschedule the class in a reasonable timeframe. In the unlikely event your class does not take place, RedSeal will not be responsible for student travel costs incurred.
